Dam:

PURCHASE PRICE:

\$ _____ / FULL REGISTRATION (offspring of this puppy are eligible for registration.

\$ _____ / LIMITED REGISTRATION (offspring of this puppy are not eligible for registration. Limited Registration means that the dog is registered but no litters produced by that dog are eligible for registration! You can come back later to me, the breeder for the additional \$150 and get my permission for full registration after obtaining clearances for breeding thus litters produced are then eligible for registration. It is an AKC form that must be processed with a fee at your cost. I do sell on Full Registration for a higher price if you so want to obtain that breeding right up front. It is our intent and highly recommend that if you do so, before breeding this animal you will be a responsible breeder and obtain the clearances.

PURCHASER:

Name _____

Address _____

City _____ State _____ Zip code _____

Telephone _____

DEPOSIT:

The purchaser has paid a deposit of \$ _____ as of this date _____, remaining balance of \$ _____ is due upon receiving the puppy or 7 to 10 day prior to shipping. The buyer is responsible for all shipping charges if the puppy is to be shipped.

HEALTH GUARANTEE:

This puppy is sold with a 7 day health guarantee. We guarantee this puppy to be in good health at the time of sale and suggest you have this verified by your veterinarian. If the purchaser is not satisfied with the puppy's health, the puppy can be returned within 7 days of purchase for a full refund or a replacement puppy if one is available, providing the puppy is in the same condition it was at time of purchase.

PUPPY REPLACEMENT WARRANTY:

The breeder warrants this puppy against hip dysplasia (OFA), hereditary eye disease (CERF), Elbow, and hereditary heart disease (SAS) for the first two years of age.

If the dog is dysplastic and not certifiable by OFA, we require written proof of the dysplasia by a veterinarian or the OFA documents stating such. The warranty only applies to x-rays taken between the ages of 18-26 months old. If the bitch or male is bred before the x-rays have been evaluated by the OFA, this portion of the contract is null and void. Upon diagnosis of dysplasia the breeder will replace the dog with a puppy of like quality (when available) at which time the dysplastic dog must be spayed or neutered and proof of this must be submitted to the breeder. If the owner of the dog does not want to deal with this, the dog may be returned to the breeder.

RIGHT OF FIRST REFUSAL:

In the event the purchaser wishes to sell, transfer ownership or dispose of the dog, the breeder is to be given first right to take the dog back or buy it back if the dog is intact at a negotiated price not to exceed the price purchaser paid. The breeder will then place the spayed or neutered dog in another home for a pet or if an intact dog, the breeder has the discretion to decide whether to spay or neuter it or have the option to breed it. All Registration forms and clearance if any must accompany the dog.

This contract is only valid with the original purchaser of the puppy. It is not transferable.

In an effort to be a responsible breeder, we request that you contact us with any other health issues that your vet feels may be hereditary.

I/we the purchaser have read the conditions of this contract and agree to abide by them.
